SIGN THE DREAM ACT!

Development, Relief, and Education for Alien
Minors Act of 2003 (S.1545)

The DREAM Act is the first good step towards reforming the broken immigration system that traps immigrants in the shadows of society. Our broken immigration system denies thousands of immigrant students the opportunity to adjust their status and to realize their dreams of an education. Time is running out for thousands of students who have a great deal to offer – they cannot continue to defer their dreams any longer.
