

# The SOLVE Act

## The Time Has Come for *Real* Immigration Reform

---

### **Our federal immigration system is broken and unequal.**

- This system is mired in red tape and barriers to citizenship.
- It keeps families divided.
- It encourages unscrupulous employers to exploit workers.

### **The SOLVE Act will get our immigration system back on the right track by:**

- ✓ **Removing red tape and obstacles to citizenship.** It provides a path to permanent resident status and citizenship to people who are bringing prosperity to our country and our communities.
- ✓ **Reuniting families** by reforming the family visa system.
- ✓ **Protecting all workers** by reforming the temporary worker system and strengthening the rights of temporary workers.

### **The SOLVE Act will benefit us all.**

- **Workers.** A path to citizenship and workplace protections for immigrant workers will raise the floor for all workers.
- **Business.** Employers will have access to a more stable work force. They also won't have to compete against unscrupulous businesses that exploit workers.
- **Our communities and our country.** The SOLVE Act will provide security to millions, reunite families, increase trust in our communities, and enhance our overall security.

### **Be part of the solution. Support the SOLVE Act.**

Safe, Orderly Legal Visas and Enforcement Act of 2004 (S. 2381/H.R. 4262)
